

# Friday 12th January 2018

## Wake Up, Shake Up!

Wake Up Shake Up! is a new programme that we have trialled this week. It has taken place from 9.15am-9.45am and involved a variety of 12 different physical activities or therapies such as Zumba, yoga, running, football and Cool Kids. It is now becoming a permanent fixture on our timetables and is helping to develop health, social and mental well-being.

All students are involved and will be rotating through the activities during the term. Both pupils and staff are very enthusiastic to take part and it is giving a very positive start to the day.

Liz Rothwell - Assistant Headteacher

## Open Afternoon

There's an opportunity for parents to come into school and see what the children are learning on **Wednesday 17th January, 1:15pm-2:45pm.**

**Remember!**

Please put your child's name in all of the clothes and shoes that you send into school.

This helps to reduce items getting lost.

## Support Services in Wolverhampton Information Event for Parents

**Friday 26th January, 9:30am-11:30am**

This event has been organised to provide you with an opportunity to find out what further support and facilities are available to you and your children.

A letter will be sent home next week.

## Messages from Classes:

### Woodpeckers

We have been enjoying messy play and walking on the track when they first arrive at school. Well done Woodpeckers!

### Owls

Pupils have settled in well after Christmas. They are enjoying their new Media topic this week, making music to go with Disney soundtracks.
