Autism Awareness Week

Silly Sock Day - Friday 31st March: This is run by Autism West Midlands and involves wearing the wackiest, silliest, craziest socks!!

All classes will be taking part in Funny Feet activities e.g. drawing/painting funny faces on each other's feet, feet printing, and taking pictures of silly socks, etc. This will generate a lot communication and interaction, a range of emotions, and it will be a very sensory experience.

Pictures will be uploaded to our Facebook and Twitter pages using #sillysockday

Parents could send pictures of their Funny Feet and Silly Socks to bijou.tooby@tettenhallwoodschoool.org.uk

From Academy Award winning director Roger Ross Williams, LIFE, ANIMATED is the inspirational story of Owen Suskind, a young man who was unable to speak as a child until he and his family discovered a unique way to communicate by immersing themselves in the world of classic Disney animated films. This emotional coming-of-age story follows Owen as he graduates to adulthood and takes his first steps toward independence. The subject of his father Ron Suskind's New York Times bestseller, Owen was a thriving three year old who suddenly and inexplicably went silent - and for years after remained unable to connect with other people or to convey his thoughts, feelings or desires.

LIFE, ANIMATED evocatively interweaves classic Disney sequences with scenes from Owen's life in order to explore how his identification and empathy for characters like Simba, Jafar, and Ariel gave him means to understand his feelings and allowed him to interpret reality. Beautiful, original animations offer rich insights into Owen's fruitful dialogue with the Disney oeuvre as he imagines himself heroically facing adversity as a member in a tribe of sidekicks.

Letters will be sent out next week
